About Us

Community Attire is committed to our front line heroes and indispensable work forces by providing equipment to keep everyone working efficiently and safely. Our team of veteran developers, designers, buyers, logistical and sourcing experts work together to anticipate essential services to our communities. Natural epidemics are met with swift, ethical, and reliable trade distribution. Community Attire is committed to providing

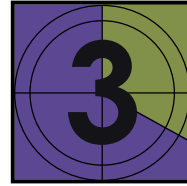

the most responsibly sourced and sustainable personal protective equipment for all your operational needs. Working together we will craft partnerships to remove barriers and solve problems by providing essentials for those who need it most. We are passionate people that thrive with collaborative efforts that provide solutions for our global health care challenge.
